

It is the policy of Grays Harbor College to provide alcohol and substance abuse prevention information and referral for students. Students are encouraged to seek information and assistance from the Student Support Center. Counselors are available to work with students in order to help them identify personal problems associated with alcohol and substance abuse. Appropriate referrals will be made.

The College will also offer from time to time an academic course and/or workshops, speakers or presentations dealing with alcohol and substance abuse designed to give students a basic understanding of all classifications of drugs.
